Reading Takes You Everywhere!

Show off your art skills by designing a bookmark with the theme "Reading Takes You Everywhere!" Whether to outer space or the ocean depths, back in time or far in the future, to worlds of robots or wizards, to being superheroes or supernatural, across the world or around the corner, reading takes you everywhere!

Show us where reading takes you and you could be a winner! Winning entries will have their bookmarks professionally printed and distributed to all three Salinas Public Library branches and be invited to a reception celebrating their work. Pick up an entry form from any branch or print one from our website starting April 1.
